

	COMPANY NAME	COUNTRY	STAGE	SECTOR TAGS	COMPANY DESCRIPTION
1	<a href="#">Acorai</a>	Sweden	Seed	HARDWARE, HEALTHTECH	Providing a handheld medical device for non-invasive monitoring of intracardiac pressure that helps reduce re-hospitalizations.
2	<a href="#">Activate Health</a>	Estonia	SEED	AI, HEALTHTECH, MOBILE APPS	Building an AI-powered digital therapeutics platform for predicting, preventing and treating cardiometabolic diseases.
3	<a href="#">Addifab</a>	Denmark	Series A	AI, HARDWARE, IOT, ROBOTICS	Addifab combines 3D-printing and injection molding to transform global innovation and manufacturing.
4	<a href="#">Agroclimatica</a>	Denmark	Seed	FOODTECH, FINTECH,IMPACT	Identifying production risks for agricultural financing based on scientific data amid climate change.
5	<a href="#">AÎO</a>	Estonia	Series A	FOODTECH	Producing fats and oils faster, cheaper, with fewer resources and more sustainably
6	<a href="#">Alcolase</a>	Denmark	Pre-seed	FOODTECH, HEALTHTECH	On a mission to make drinking alcohol a healthier experience for everyone.
7	<a href="#">Angry Camel</a>	Sweden	Pre-seed	FOODTECH	Improving the accessibility of high quality, plant based food products, with an array of healthy, organic, and sustainable products based on chickpeas.
8	<a href="#">Anyo Labs</a>	Sweden	Pre-seed	AI, HEALTHTECH	Through groundbreaking machine learning software, ANYO Labs is revolutionizing the drug discovery process.
9	<a href="#">Arcanabio</a>	Iceland		AI, HEALTHTECH	Developers of a SaaS platform featuring specialized software for scientific analysis of genetic sequences.
10	<a href="#">Arctic Farming</a>	Finland	Seed	FOODTECH	Bringing NASA Vertical Farming technology to hotels and restaurants with an appliance that grows fresh herbs and specialty crops.

	COMPANY NAME	COUNTRY	STAGE	SECTOR TAGS	COMPANY DESCRIPTION
11	<a href="#">Augmenta</a>	Finland	Series A	IOT	Providing augmented reality applications and development tools to organizations that use smart glasses.
12	<a href="#">Augmented Hearing</a>	Denmark	Pre-seed	AI, HEALTHTECH, SAAS	Adding AI to earbuds to enhance voices in challenging acoustics at a fraction of current healthcare costs.
13	<a href="#">BaseTrack</a>	Estonia	Series A	AI, CLEANTECH, HARDWARE, MOBILITY	Providing Autonomous Trucking service, increasing driver efficiency and fuel economy in human-driven trucks.
14	<a href="#">BeTriton</a>	Latvia	Seed	CLEANTECH, HARDWARE, MOBILITY	Developers of Amphibious Camper-Trikes for sustainable & continuous mobility over land & water.
15	<a href="#">Bill Kill</a>	Norway	Series A	FINTECH, SAAS, MOBILE APPS	Combining useful payment tools and rewards programs to motivate users to pay their invoices.
16	<a href="#">Bitskout</a>	Estonia	Seed	AI, SAAS	Providing an AI powered document and email data extraction tool for operation and project teams
17	<a href="#">Bitwards</a>	Finland	Series A	SAAS, SMART CITY, MOBILE APPS	Develops digital access solutions that allow companies, communities, and individuals to leverage the digital transformation in a keyless world
18	<a href="#">Blue Lobster</a>	Denmark	Pre-seed	CLEANTECH, SDG/IMPACT, MARITIME, MOBILE APPS	A procurement tool connecting sustainable fishermen with their customers.
19	<a href="#">Brain Nordic</a>	Sweden	Seed	SAAS	Transforming digital marketing into a smooth and easy experience.
20	<a href="#">Briota</a>	Denmark	Pre-seed	AI, HARDWARE, HEALTHTECH, IOT	AI and IoT powered personalized Digital Respiratory Therapeutics service.

	COMPANY NAME	COUNTRY	STAGE	SECTOR TAGS	COMPANY DESCRIPTION
21	<a href="#">Bugbox</a>	Estonia	Seed	FOODTECH, SDG/IMPACT	Providing a fully automated and scalable mass-rearing technology for food-grade edible insects
22	<a href="#">Carlos Bugs</a>	Latvia	Pre-seed	FOODTECH	Delicate chocolate snacks at premium design, fuelled with insect protein for increased nutritional value
23	<a href="#">Catenda</a>	Norway	Series A	SAAS, SMART CITY	Providing a cloud-based system that connects data, tools, and people for improved Business Information Modeling.
24	<a href="#">Cerebriu</a>	Denmark	Seed	AI, HEALTHTECH	Automating MRI for brain diagnostic imaging, empowering radiologists with optimized workflows, and bringing clinical intelligence at the point of imaging.
25	<a href="#">CHAOS</a>	Finland	Series A	AI, SAAS, SMART CITY	Providing urban forecasting for real estate investors and city developers based on urban data and crowd insights.
26	<a href="#">Cino</a>	Estonia	Seed	MOBILE APPS, SMARTCITY	Enabling GenZ to split expenses with one tap
27	<a href="#">Clarify</a>	Norway	Seed	AI, IOT, SAAS	Seamlessly integrating, visualizing and exploring industrial data from various sources for your team.
28	<a href="#">Clutch App</a>	Iceland	Pre-seed	AI, MOBILE APPS	Developing an AI-powered mobile-based virtual coach for racket sports.
29	<a href="#">Cognuse</a>	Estonia	Series A	AI, HEALTHTECH	Building digital health solutions for healthcare staff and patients with a focus on improving guidelines adherence, enhancing care quality, and patient safety across the care continuum.
30	<a href="#">Cogo</a>	Denmark	Seed	AI, MOBILITY, SMART CITY	Improving traffic safety by turning your phone into a modern-day dashcam.

	COMPANY NAME	COUNTRY	STAGE	SECTOR TAGS	COMPANY DESCRIPTION
31	<a href="#">CopyMonkey.ai</a>	Latvia	Seed	AI, SAAS	Generating product listings that bring your products to the top of your preferred sales platform.
32	<a href="#">Diagonal Bio</a>	Sweden	Seed	HEALTHTECH	Infectious disease diagnostics with unprecedented speed, accuracy, and ease-of-use.
33	<a href="#">Dianox</a>	Denmark	Seed	HEALTHTECH	Uncovering health problems before they become chronic with a home saliva test kit.
34	<a href="#">DigiShares</a>	Denmark	Series A	AI, BLOCKCHAIN, FINTECH, SMARTCITY	Providing a platform that allows real estate developers to tokenize their assets, making trading more flexible and secure.
35	<a href="#">Doconomy</a>	Sweden	Series A	FINTECH, SDG/IMPACT	Doconomy provides leading impact data services for individuals and corporations to help educate, engage and reduce environmental impact.
36	<a href="#">Doctor Professor</a>	Sweden	Pre-seed	EDTECH, MOBILE APPS	Making it easier to learn Japanese, Korean, and Chinese by using mnemonics and gamification.
37	<a href="#">eID Easy</a>	Estonia	Seed	CYBERSECURITY, FINTECH, SAAS	Providing SaaS marketplace to accelerate digital transformation and adoption of highest quality internationally recognized cryptographic electronic signatures.
38	<a href="#">Epi Endo</a>	Iceland	Series B	HEALTHTECH	Developing a proprietary portfolio of drugs focused on epithelial dysfunction within chronic airway diseases, particularly Chronic Obstructive Pulmonary Disease.
39	<a href="#">Elonroad</a>	Sweden	SERIES A	MOBILITY, SMARTCITY	Providing an universal, cable-free charging solution for electric vehicles while they are driving or being parked.
40	<a href="#">EtOH</a>	Denmark	SEED	FOODTECH	Maturing the spirit industry of tomorrow by simulating years of aging in a matter of days.

	COMPANY NAME	COUNTRY	STAGE	SECTOR TAGS	COMPANY DESCRIPTION
41	<a href="#">Feedsfloor</a>	Denmark	Seed	SAAS	A business networking platform that makes you connect with partners across the world.
42	<a href="#">Fepod</a>	Finland	Series A	HEALTHTECH	Measuring the real blood concentration of pain medicine directly from a drop of blood at the point-of-care.
43	<a href="#">Finnadvance</a>	Finland	Seed	HEALTHTECH	Developing in-vitro models, mimicking human biology for accurate, fast and accessible drug development and research purposes.
44	<a href="#">Fixar Pro</a>	Latvia	Series A	AI, DRONES, HARDWARE	Providing fully autonomous drones for commercial use in almost any environment.
45	<a href="#">Focalx</a>	Denmark	Seed	AI, SDG/IMPACT, SAAS	Disrupting car inspection using innovative AI technology.
46	<a href="#">Foxlot</a>	Estonia	Pre-seed	HARDWARE, IOT, SAAS	Providing an open-source platforms to accelerate the implementation of IoT solutions
47	<a href="#">Frontu</a>	Lithuania	Seed	AI, IOT, SAAS, SMARTCITY	Empowering frontline technicians to do their job more effectively and efficiently.
48	<a href="#">Fusebox</a>	Estonia	Seed	GREENTECH, SDG&IMPACT, SMARTCITY, GREENTECH	Providing Virtual Power Plant software to enable better integration of renewable energy
49	<a href="#">gMendel</a>	Denmark	Seed	AI, BLOCKCHAIN, HEALTHTECH	gMendel® combines genetics, AI and blockchain to provide better care for people with genetic disorders and rare diseases.
50	<a href="#">Got Foods</a>	Latvia	Seed	FOODTECH	Producing sustainable, plant-based dairy products

	COMPANY NAME	COUNTRY	STAGE	SECTOR TAGS	COMPANY DESCRIPTION
51	<a href="#">Greater Than</a>	Sweden	Series A	AI, FINTECH, FINTECH	Predicting car accident probability and Co2 impact per driver, based on AI-powered real time data analytics.
52	<a href="#">GScan</a>	Estonia	Seed	AI, HARDWARE, SMART CITY	Using natural radiation and AI to detect materials and distress in critical infrastructure.
53	<a href="#">Helsieni</a>	Finland	Seed	FOODTECH	Growing mushrooms locally from recycled coffee
54	<a href="#">Holonc Systems</a>	Finland	Pre-seed	AI, IOT, SAAS, SMART CITY	Generating interactive synth music from user movement, position, environmental data and other available signals.
55	<a href="#">Hyperin</a>	Finland	SEED	AI, SMART CITY, SAAS	Leading platform for shopping mall management, tenant engagement, and connecting the digital and physical consumer journey
56	<a href="#">Inbalance</a>	Lithuania	Series A	AI, HARDWARE, SDG/IMPACT, IOT, SAAS	Developing intelligent electric vehicle charging solutions for businesses and grid operators.
57	<a href="#">Innovosens</a>	Sweden	Seed	AI, HARDWARE, IOT HEALTHTECH,	Non-invasive, continuous monitoring, Multiparametric sweat sensor for glucose and Key metabolite tracking for personalized diabetes, health & wellness monitoring.
58	<a href="#">Januar</a>	Denmark	Seed	BLOCKCHAIN, FINTECH	Offers compliant and crypto-friendly payment account solutions for European businesses.
59	<a href="#">Kanda</a>	Denmark	Seed	AR/VR, EDTECH, SAAS	Using Virtual Reality to make certified training in heavy industries collaborative, engaging, and cost-effective.
60	<a href="#">Knowledge Gate Group</a>	Denmark	Seed	AI, HEALTHTECH, SDG&IMPACT	Accelerating life science innovation by facilitating meaningful knowledge exchange between organizations and experts

	COMPANY NAME	COUNTRY	STAGE	SECTOR TAGS	COMPANY DESCRIPTION
61	<a href="#">Ksting</a>	Sweden	Seed	SAAS	A "one-stop-shop" digital booking platform for fashion professionals.
62	<a href="#">Kvasir Technologies</a>	Denmark	Seed	CLEANTECH, SDG/IMPACT	Producing biofuel from non-edible biomass.
63	<a href="#">Leagues</a>	Denmark	Pre-seed	FINTECH, GAMING, SAAS	Creating grassroots e-sports ecosystems for teams to play in.
64	<a href="#">Leapcraft</a>	Denmark	Series A	AI, CLEANTECH, IOT, SMARTCITY	Providing IoT solutions for monitoring and optimisation of air quality, thermal comfort and noise in cities, buildings and transport systems.
65	<a href="#">Legacy</a>	Denmark	Series A	SMART CITY, SAAS, IMPACT	Making sustainability operational by providing effortless solutions for carbon management.
66	<a href="#">Leil Storage</a>	Estonia	Pre-seed	SAAS	Providing a purpose-built, energy-efficient solution for backup and archival data storage
67	<a href="#">Lightcode Photonics</a>	Estonia	Seed	AI, HARDWARE, SMART CITY	Providing ultra-compact and durable 3D imaging solutions for mobility.
68	<a href="#">Linc</a>	Denmark	Seed	SMART CITY	Cloud-connected hardware for real-time monitoring and control of all energy, water and indoor climate systems.
69	<a href="#">Lucinity</a>	Iceland	Series A	FINTECH	Helping compliance teams uncover money laundering.
70	<a href="#">Marine Taste</a>	Sweden	Seed	FOODTECH	Producing highly sustainable food products from cultured sea vases

	COMPANY NAME	COUNTRY	STAGE	SECTOR TAGS	COMPANY DESCRIPTION
71	<a href="#">Marionette</a>	Denmark	Seed	AI, AR/VR	Bringing 3D characters to life in animated worlds, through motion capture software available to small budget studios and creators.
72	<a href="#">Matter</a>	Denmark		FINTECH, SDG/IMPACT, SAAS	Making it easier for investors to understand and report the sustainability of investments through intuitive software and data solutions.
73	<a href="#">Mbegu Solar</a>	Sweden	Pre-seed	CLEANTECH, SDG/IMPACT	Providing micro-enterprises in emerging markets with accessible and affordable solar solutions.
74	<a href="#">MedBeat</a>	Sweden	SEED	HEALTHTECH	Measuring ECG signals anytime and anywhere
75	<a href="#">MedUniverse</a>	Sweden	Series A	AI, HEALTHTECH	Offering the life sciences industry a digital platform and consultancy services to improve their engagement with healthcare professionals.
76	<a href="#">Meili Robots</a>	Denmark	Pre-seed	ROBOTICS	Offering the next-generation fleet management system (FMS) for mobile robots.
77	<a href="#">Mindclip</a>	Finland	Seed	AI, SAAS	Helping employees develop micro-habits that improve the team's mental wellbeing and performance.
78	<a href="#">MiWire</a>	Denmark	Series A	HARDWARE, MARITIME, SAAS	Providing fast and reliable internet in areas with poor connectivity using a unique and patented directional antenna.
79	<a href="#">Monimoto</a>	Lithuania	Seed	HARDWARE, IOT, SMART CITY	The world's easiest to use smart GPS tracker & alarm system for cars, motorbikes and other means of transportation.
80	<a href="#">MyMonii</a>	Denmark	Series A	FINTECH	MyMonii is an app for the entire family that makes it fun and easy for kids and teens to learn about the value of money.

	COMPANY NAME	COUNTRY	STAGE	SECTOR TAGS	COMPANY DESCRIPTION
81	<a href="#">Nablaflow</a>	Norway	SERIES B	SAAS, SMART CITY	Democratizing the most advanced computational fluid dynamics (CFD) tools through cloud based seamless solutions.
82	<a href="#">Navigil</a>	Finland	SEED	HARDWARE, HEALTHTECH, IOT	Smart watches and services providing safety and independence for vulnerable individuals
83	<a href="#">Neurescue</a>	Denmark	Series A	AI, HEALTHTECH, IOT	Neurescue has developed a pioneering medical device to an improve the treatment of cardiac arrest, the leading cause of death in the world.
84	<a href="#">NewBanking</a>	Denmark	Seed	FINTECH	Collecting, verifying and storing customer data from both private individuals and companies, and providing a secure solution for Know Your Customer (KYC).
85	<a href="#">Nextfood</a>	Denmark	Series A	AI, FOODTECH, SMART CITY	Providing automated soilless indoor vertical farming solutions ranging from small in-store systems to large automated farms automated vertical farming solutions.
86	<a href="#">NO.cv</a>	Lithuania	Seed	AI, IOT, SAAS, SMART CITY	Empowering frontline technicians to do their job more effectively and efficiently.
87	<a href="#">Nordic Brain Tech</a>	Norway	Seed	HEALTHTECH	Developing an easy-to-use and scientifically proven technology to help people predict and prevent brain disorders, from the comfort of your home.
88	<a href="#">Normative</a>	Sweden	Series B	FINTECH	Providing science-based carbon accounting software enabling companies to reduce their carbon footprints.
89	<a href="#">NSS Water</a>	Sweden	Seed	SDG/IMPACT, CLEANTECH	Removing nano contamination in ultra pure water for the semiconductor industry.
90	<a href="#">Partisia</a>	Denmark	SERIES A	BLOCKCHAIN, HEALTHTECH	Setting new standards for privacy-preserving software solutions

	COMPANY NAME	COUNTRY	STAGE	SECTOR TAGS	COMPANY DESCRIPTION
91	<a href="#">Phasetree.ai</a>	Denmark	Pre-seed	AI, CLEANTECH, SAAS	Providing a deep-tech software solution for developing new materials for green energy applications, such as batteries and power-to-X.
92	<a href="#">Phaver</a>	Finland	Seed	AI, SAAS	Providing a decentralized Web3 share-to-earn social platform.
93	<a href="#">Pie Systems</a>	Denmark	Series A	FINTECH, SAAS, TRAVELTECH	Providing a digital platform that makes it easier, faster and more secure to claim VAT refunds.
94	<a href="#">Popit</a>	Finland	Series A	HEALTHTECH	Providing smart consumer devices that improve treatment by increasing patients' medical adherence.
95	<a href="#">PowerUp</a>	Estonia	Series A	MARITIME, IMPACT	Developing and producing innovative hydrogen fuel cell based electric generators.
96	<a href="#">Precure</a>	Denmark	Seed	AI, HEALTHTECH, IOT	Preventing musculoskeletal disorders like tennis elbows and lower back pains using digitally enhanced wearables.
97	<a href="#">Pure Luminescence Technologies</a>	Finland	Pre-seed	HEALTHTECH	Developing a non-toxic & recyclable synthetic luminescent material for radiography and dosimetry.
98	<a href="#">R8 Technologies</a>	Estonia	Seed	AI, CLEANTECH, SMARTCITY	Decreasing energy consumption and CO2 emissions of large premium class commercial properties.
99	<a href="#">Radiobotics</a>	Denmark	Seed	AI, HEALTHTECH	Radiobotics is an award-winning Danish startup company developing algorithms for hospitals to automate reading of X-rays of bone and joints.
100	<a href="#">RegIT</a>	Norway	Pre-seed	HEALTHTECH	Providing a personalized medical history for people with chronic illness.

	COMPANY NAME	COUNTRY	STAGE	SECTOR TAGS	COMPANY DESCRIPTION
<b>101</b>	<a href="#">Reconnect</a>	Sweden	SEED	HEALTHTECH, SAAS	Reconnect's B2B platform empowers MedTech companies to achieve and sustain post-market success
<b>102</b>	<a href="#">RemotiveLabs</a>	Sweden	PRE-SEED	SAAS, MOBILITY	Empowering automotive engineers by providing a modern, lightweight and flexible development platform.
<b>103</b>	<a href="#">Reverse Resources</a>	Estonia	Series A	SAAS, IMPACT	Building networks for textile waste to find best recycling opportunities and build circularity for fashion.
<b>104</b>	<a href="#">Rexplorer</a>	Estonia	SEED	SAAS, IMPACT, SMART CITY	Making solar easy by building an instant digital twin of a rooftop solar PV installation anywhere.
<b>105</b>	<a href="#">Rundit</a>	Finland	Seed	FINTECH, SAAS	Helping VCs and fund managers gather Holistic insights on their investments and make decisions from a unified data source.
<b>106</b>	<a href="#">Sani Nudge</a>	Denmark	Seed	IOT, HEALTHTECH	Providing a IoT solution to keep staff and patients safe from infections by helping them comply to hand hygiene guidelines.
<b>107</b>	<a href="#">Sceneri</a>	Sweden	Seed	GAMING, MOBILE APPS	Developing the world's most open and advanced real-time 3D tool.
<b>108</b>	<a href="#">Seasalt Group</a>	Denmark	Series A	CLEANTECH, SDG/IMPACT	Solving the climate crisis and eradicating energy poverty through innovative nuclear and energy storage solutions.
<b>109</b>	<a href="#">Sealytix</a>	Denmark	Seed	AI, MARITIME, SAAS	Increasing shipping line revenue by optimizing container stowage.
<b>110</b>	<a href="#">Sensade</a>	Denmark	Seed	AI, IOT, SMART CITY	Offering an affordable and easy-to-install solution that optimizes parking management and parking utilization.

	COMPANY NAME	COUNTRY	STAGE	SECTOR TAGS	COMPANY DESCRIPTION
<b>111</b>	<a href="#">Simply No Waste</a>	Sweden	PRE-SEED	FOODTECH, SDG/IMPACT	Using extraction technology to upcycle byproducts into delicious, nutritional goods that fights food waste.
<b>112</b>	<a href="#">Smallbrooks</a>	Denmark	SERIES A	FINTECH	Unleashing the true potential of crowdfunding platforms
<b>113</b>	<a href="#">SME Finance</a>	Lithuania	Seed	SAAS	Providing a management platform for attracting more job candidates and reducing selection errors in hiring.
<b>114</b>	<a href="#">Solarstone</a>	Estonia	Series A	SMART CITY	Replacing traditional roof constructions with innovative and integrated solar modules.
<b>115</b>	<a href="#">Sonarworks</a>	Latvia	Series A	SAAS	Providing next-generation software calibration for speakers and headphones.
<b>116</b>	<a href="#">Spectacular AI</a>	Finland	Seed	AI, AR/VR, DRONES	Developing the next-generation Spatial AI engine designed for real-time embedded use cases.
<b>117</b>	<a href="#">Spermosens</a>	Sweden	Series A	HEALTHTECH	Diagnosing male-factor infertility and directing to the most suitable infertility treatment.
<b>118</b>	<a href="#">Spin Robotics</a>	Denmark	Series A	AI, IOT, ROBOTICS	Providing an all-in-one screwdriving solution for collaborative robots to facilitate safe, reliable human-robot collaboration.
<b>119</b>	<a href="#">SpinDrive</a>	Finland	Series A	AI, HARDWARE, SDG/IMPACT	Improving energy efficiency of industrial processes by providing active magnetic bearings to equipment manufacturers.
<b>120</b>	<a href="#">Spiromann</a>	Denmark	PRE-SEED	AI, HEALTHTECH, MOBILE APPS	Developing a lung health monitoring device

	COMPANY NAME	COUNTRY	STAGE	SECTOR TAGS	COMPANY DESCRIPTION
<b>121</b>	<a href="#">Sproud</a>	Sweden		FOOD, IMPACT	Providing plant-based dairy products and sustainable alternatives for a healthier you and a better world.
<b>122</b>	<a href="#">Sprout Dynamics</a>	Denmark	SEED	AI, FOODTECH, SDG & IMPACT	Providing AI controlled technology for industrial production of flaxseed, free from poison & microbiology hazard
<b>123</b>	<a href="#">Squad Robotics</a>	Latvia	Pre-seed	AI, IOT, ROBOTICS	Helping floor cleaning machines become more autonomous.
<b>124</b>	<a href="#">Squee</a>	Finland			Developing food concepts based on patented mycoprotein (mushroom protein) and food industry sidestreams
<b>125</b>	<a href="#">StepUp Horse</a>	Denmark	Pre-seed	IOT, SAAS, MOBILE APPS	A wearable device offering real-time data and insights to optimize racehorses' physical condition and performance.
<b>126</b>	<a href="#">Summa</a>	Finland	Seed	AI, BIOTECH, HEALTHTECH	Enabling hormonal optimization with at-home, electrochemical saliva biomarking
<b>127</b>	<a href="#">Supervisor</a>	Estonia	Pre-seed	AI, SAAS, SMART CITY	Improving traffic safety by turning your phone into a modern-day dashcam.
<b>128</b>	<a href="#">Swiipe</a>	Denmark	Seed	AI, FINTECH	Swiipe is an open platform designed with a one-click checkout flow, which eases and quickens the process for consumers to complete their online purchases.
<b>129</b>	<a href="#">Tackl</a>	Norway	Seed	HEALTHTECH, SAAS	Helping children master school and everyday routines in an easy, safe and more motivating way.
<b>130</b>	<a href="#">TEGnology</a>	Denmark	Seed	IOT	Rethinking the power supply of future IoT devices - without batteries or cables.

	COMPANY NAME	COUNTRY	STAGE	SECTOR TAGS	COMPANY DESCRIPTION
<b>131</b>	<a href="#">The Plant Era</a>	Denmark	Pre-seed	FOODTECH	On a mission to develop the world's best sports nutrition products.
<b>132</b>	<a href="#">Thermaiscan</a>	Sweden	Seed	AI, HEALTHTECH	Developing breast cancer pre-screening solution based on AI, combined with existing thermal sensors in standard smartphones
<b>133</b>	<a href="#">Tiimo</a>	Denmark	Series A	HEALTHTECH, SAAS	Tiimo is a paid subscription app that helps you organize your life, stick to your routines, and work towards your personal goals in a visual and motivating way!
<b>134</b>	<a href="#">Tjommi</a>	Norway	Seed	FINTECH	Building the ultimate shopping companion to shape the future of e-commerce.
<b>135</b>	<a href="#">Tokenizer</a>	Denmark	Seed	BLOCKCHAIN	The leading global platform for data and information related to the emerging industry of tokenization.
<b>136</b>	<a href="#">Tryp.com</a>	Denmark	Seed	AI, SAAS, TRAVELTECH	Leveraging AI to search and curate optimal travel deals, tailored personally to assist and inspire the user.
<b>137</b>	<a href="#">Ubiqisense</a>	Denmark	Seed	AI, IOT, PROPTECH, SMART CITY	The UbiqiSense smart sensors gather actionable insights on behavioral patterns and space utilization, helping realize the untapped potential of employees and spaces.
<b>138</b>	<a href="#">UP Catalyst</a>	Estonia	Seed	CLEANTECH, SMARTCITY, IMPACT	Producing graphite and carbon nanomaterials from CO2 for the electric vehicle batteries.
<b>139</b>	<a href="#">Upteko</a>	Denmark	Seed	AI, DRONES, MARITIME	Developing autonomous drone solutions for the maritime sector.
<b>140</b>	<a href="#">Varig Technologies</a>	Norway	Seed	SAAS, IMPACT, SMART CITY	Automatically collecting, calculating, and presenting buildings' sustainability data and generating reports for financial and regulatory compliance.

	COMPANY NAME	COUNTRY	STAGE	SECTOR TAGS	COMPANY DESCRIPTION
<b>141</b>	<a href="#">Videolink</a>	Denmark	Seed	HARDWARE, MOBILE APPS	Minimizing loneliness and ease of access to teleconsultations for elderly via modern technologies.
<b>142</b>	<a href="#">Viezo</a>	Lithuania	Seed	AI, IOT, MOBILITY	Providing autonomous IoT for railway monitoring and maintenance.
<b>143</b>	<a href="#">Visikon</a>	Denmark	SEED	APPS, HEALTHTECH	Developing and delivering patient-centric communication solutions within digital health
<b>144</b>	<a href="#">VisiLean</a>	Finland	Seed	SAAS, SMART CITY	An award-winning cloud-based Construction Management Software that offers real-time solutions to real-time problems.
<b>145</b>	<a href="#">Walk With Path</a>	Denmark	Pre-seed	HARDWARE, HEALTHTECH	Providing wearables that assist people with neurological challenges to be more mobile and prevent falls.
<b>146</b>	<a href="#">Warren.io</a>	Estonia	Series A	SAAS	A complete self-service cloud platform for regional infrastructure service providers.
<b>147</b>	<a href="#">Wastelocker</a>	Estonia	Seed	HARDWARE, IOT, SMARTCITY	Providing precise, responsible, real-time insights on wasteflows, waste reduction, mass metrics and cost optimization through retrofittable, smart sensor-module technology.
